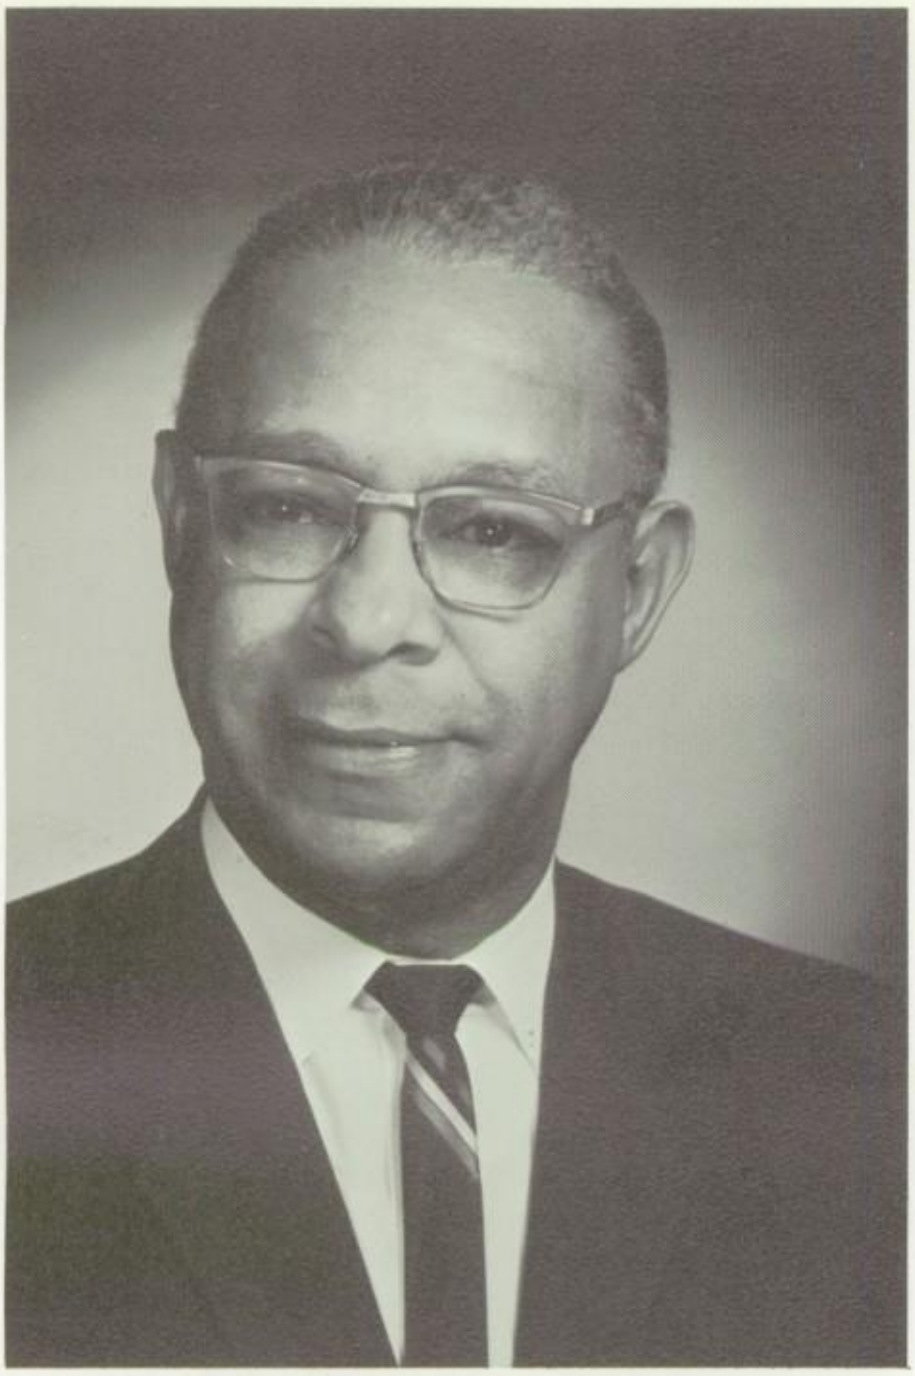
ACADEMICS

EXPRESS . . .

Three years ago Mr. Earl Donalson was appointed to be head administrator of C.A.H.S. Although this appointment was a step up the ladder, if Mr. Donalson had not been the capable person he is, not only would he have failed, but the ladder itself would have broken. For as principal, he has often had to carry the weight of many problems on his own shoulders, constantly facing opposition. His foes have not always been those who openly opposed him, but sometimes were those in the same boat with him, his friends, the very people he was striving to lead.

Yet, with courage and dignity, Mr. Donalson has continued his work, making every decision with the good of the school and community in mind. For this we are appreciative, and to Mr. Donalson we say, "We have not always understood clearly and fully, but we do sincerely, thank you for everything you have done for us in the past, and what you are doing for us now."



"Special announcement...for all students and teachers...will all first floor teachers bring their students to the gym...no, no, ah, will all SECOND floor teachers bring their students to the gym... umm, I think I'd better repeat that announcement..." The hum of the loudspeaker, an insistent tapping of a finger on the live mike, and the familiar voice of Mr. Wilbur Chenault.

But Mr. Chenault does far more than make announcements. As Director of the Curriculum Division, he is responsible for the overall educational program of the school, a formidable job, which he accomplishes with an endearing smile.

CHIEF ADMINISTRATORS

At the opening of the Crispus Attucks Cold Springs Campus, Mr. Thomas Fihe had the difficult task of coordinating all segments of the school life there, so that it could function properly.

Mr. Fihe, who is at present the only administrator at Cold Springs, is to be commended for his hard work, creativity, and accomplishments at the freshman branch of the Attucks Tigers.

DEANS OF GIRLS/

As Assistant Dean of Girls, Mrs. Annetta Lawson is also concerned with the development and welfare of girls at school, and is always available to offer help. She also teaches English and is the advisor for Exercise in Knowledge.

Mrs. Vivian Terry Moore extends a warm welcome to the young ladies of C.A.H.S. to come to her at any time with any problems they might have. As Dean she has access to information from various sources that can be helpful to the girls.

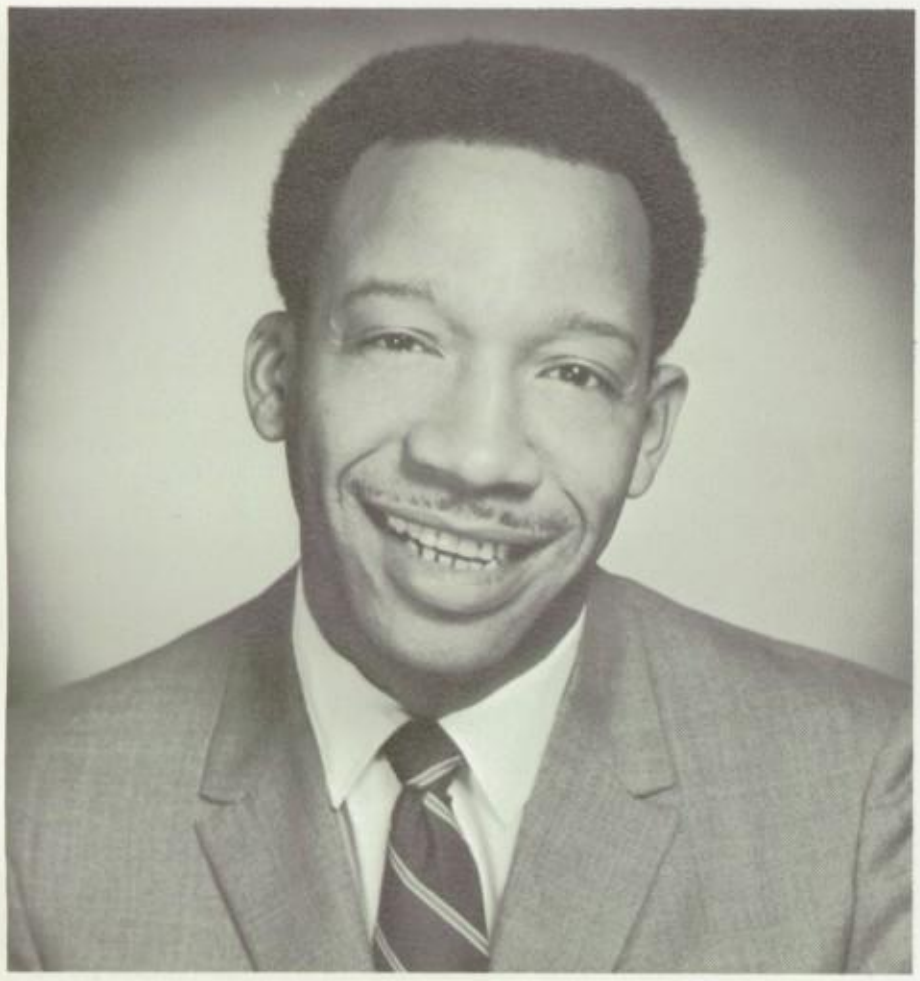
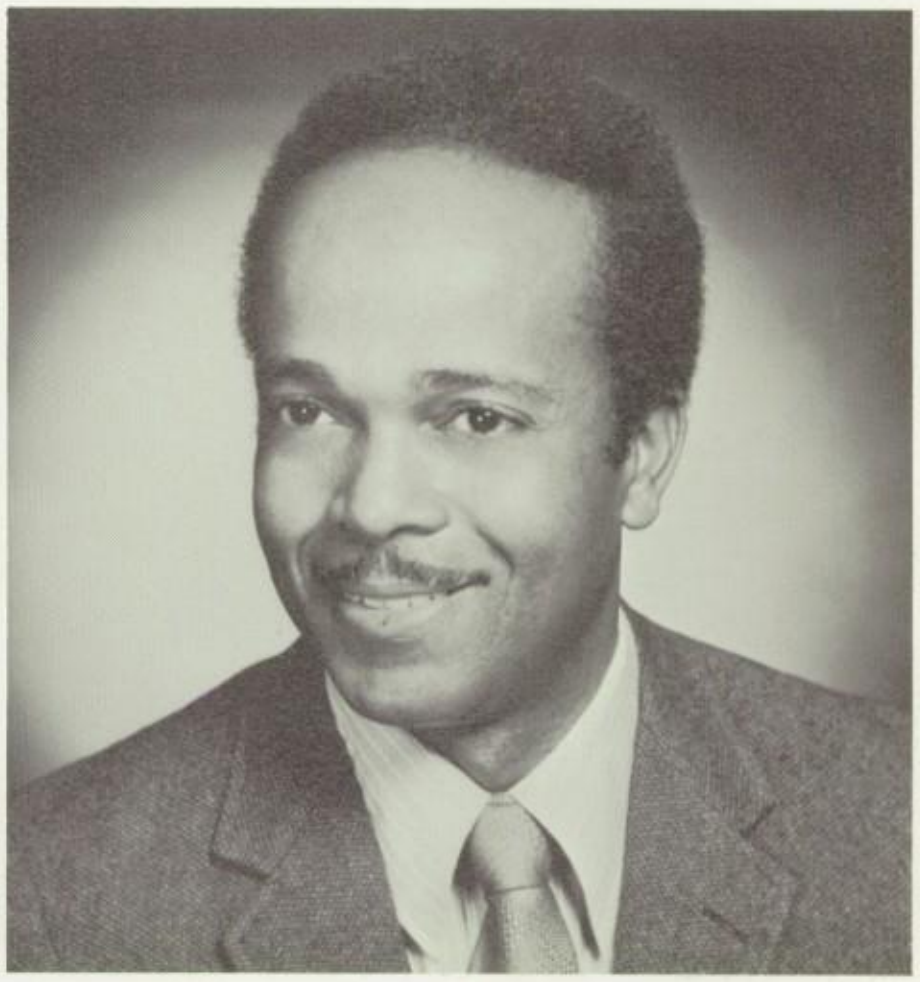
"Mr. Cole, I don't understand the application for my exam." "Mrs. Willis, what is my credit count?"

These are only a few of the hundreds of questions counselors receive daily from students, not mentioning the questions they receive from parents, faculty members and administrators.

DEANS OF BOYS/

Mr. Donald Glenn's title suggests to many only discipline. While this is his main concern, he does have several other responsibilities. Each day he supervises important areas of student activity, so we can have a normal school day.





Mr. William Scott is probably most familiar to us as a physical ed and driver's ed teacher. However, this year his role has changed and he is Asst. Dean of Boys. He is likely to be found almost anywhere, at anytime, maintaining a watchful eye over students.

Hustling and bustling through records, the counselors work hard under daily pressure to help students with individual problems, concerning school, and to keep their four-year schedules correct.

Research papers, essays, poems, novels, plays, short stories, speeches, discussions, newspapers, and tests are all elements of study in the largest department of CAHS, the English department.

The studies of the English language, are considered the most important subjects in any high school curriculum, and they are taken for at least three years by almost every graduate of Attucks.

SOCIAL STUDIES /

"To change or improve behavioral patterns in order to cause young people to become happier and more useful citizens in a rapidly changing society; through consideration of the interdisciplines of the social studies to effect understanding and knowledge of history, economics, government and environmental problems not only of our community but communities of other states and nations."

—Mr. John Southern

From that wonderful neanderthal man of prehistoric times all the way to Mr. Richard Nixon himself, history unrecorded and recorded has been in existence. All past events, whether great or small, good or bad, significant or insignificant, are within this one realm of study, a study of mankind with reference to his life in yesteryears.

Social studies is a very broad field. Enrolled in such courses as government, economics, citizenship, urban and social problems, psychology, world and U.S. history, the students of CAHS study daily to cover almost every aspect of this field.

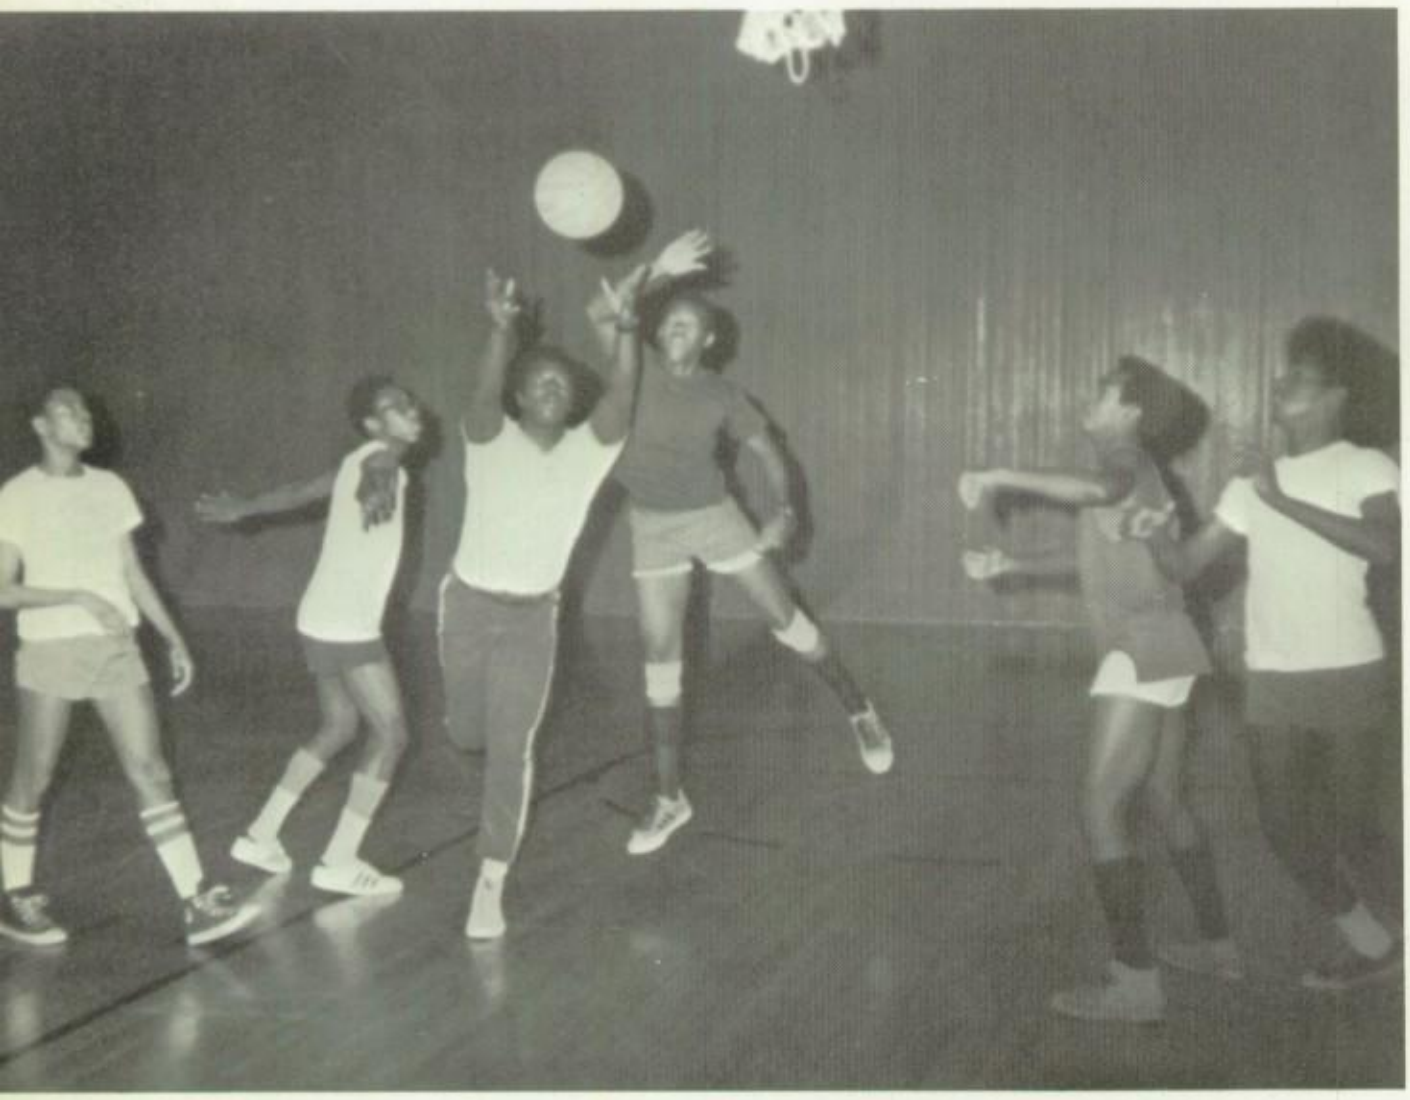
PHYSICAL/ EDUCATION/

"To learn to appreciate good physical, mental, and emotional health."
Mr. Fitzhugh Lyons



The Physical Education Department of CAHS is busy instructing students daily that they may remain young and healthy citizens. Whether driving, running, jumping, or just sitting down and talking about the importance of good health, students are made aware of the great demand for physical fitness in today's society.

Physical education, though quite enjoyable, is much more than mere fun. It is the best way a person can aid his body and his mind. It is one of the little things one can do to show his appreciation for the life that is in him, and for the privilege to use it to his own advantage.

Test tubes, chemicals, microscopes, slides, insects and equations all add up to one wide field of study: science.

In biology and related classes, students study life and life processes through theory and experimentation with plants and animals.

Chemistry enables students to learn more of the chemical components of the world around us and how they are put together mechanically in the patterns familiar to us in everyday life.

Physics students consider the laws and principles which govern the universe.

In every high school curriculum in the United States there is some type of mathematics being taught. For without mathematics it would be impossible to solve any problems dealing with numerical values and reasoning.

In many high schools, math courses are placed in different categories according to difficulty. Arithmetic, general math, algebra, geometry, trigonometry, college algebra, calculus, and analytic geometry are a few.

Here at Attucks, math intrigues many students and helps discipline their reasoning powers, as well as providing necessary foundations for life after graduation.

FOREIGN LANGUAGE/

"Acquiring the basic skills of communication—hearing and understanding, speaking and writing, and learning about the cultural aspects of foreign language in the most natural way possible—through the language itself."

—Miss Frances Stout

Although the United States is the most important country in the world, it, however, is not the world itself. There are other countries that, together with the U.S., make up the world, countries with which we as Americans must communicate.

Language is the best way for people to communicate. It is a means through which people can come to decisions and conclusions about important matters. Therefore, since this is a world of many countries, and many languages, we must learn in some way to inter-communicate. Thus, it has been deemed necessary to teach foreign language at C.A.H.S. that we, the leaders of tomorrow, will be able to effectively communicate with other peoples.

The foreign language courses taught are Spanish, French, German, and Latin from the first semester throughout advanced courses.

The American society, in a sense, revolves around the office, for the office is the home of files, data, and other pertinent information on which our efficiency depends.

Office work is very important and therefore, one must be prepared if this is his chosen occupation. In today's ever-changing society, the margin for error has almost disappeared; in business you have to be on top.

Business ed students receive the training essential in preparing for the world of business ahead.

The department offers courses in typing, shorthand, keypunch, bookkeeping, business math, machine calculations, secretarial and and clerical practice, and a variety of other subjects related to the modern office.

Margie Hill improves her typing skills.

Keypunch students not only earn credits but may prepare for a career as well.

HOME ECONOMICS/

"The field of knowledge and service primarily concerned with strengthening personal, family, and community living."

—Mrs. Josephine Holder

It's funny to watch the television commercial that shows the frustrated husband trying to hide his true feelings behind a smile, as he tastes the dinner prepared by his wife who can't even boil water.

In the Home Economics department of C.A.H.S., this problem is combated on both sides. Not only do we have a girl's foods class, but we also have a boy's foods class. In this class the young men learn how to defeat malnutrition due to prospective wives' un-nourishing home-cooked meals.

It is a popular saying that clothes make the women, however, in Attucks clothing classes the students learn to make the clothes; and in other fields of economic interest there are classes in nursing, child care, beauty culture, and family living.

Students who take Home Economics courses develop certain fundamental competencies that will be effective in personal, family and community living.

Art students and projects

Today the thing is—to be yourself; be creative! If there is one department at C.A.H.S. that grants students the opportunity to "do their thing", it's the Art Department.

Whether it's drawing, painting, sculpturing, ceramics, or jewelry, students have the chance to bring out many talents that can't be expressed in other areas of school work.

Besides learning to develop talents and improve skills, art, students donate much of their time to other activities within the school. They make posters for games and dances; design scenery for plays, and extend their services to any other organizations which might need assistance.

STUDENT COUNCIL / Student Power

During the past two years our Student Council has strengthened in pride, dedication and knowledge. It is not a puppet organization; therefore it does have power, and is a vital, worthwhile link from the students to the administration.

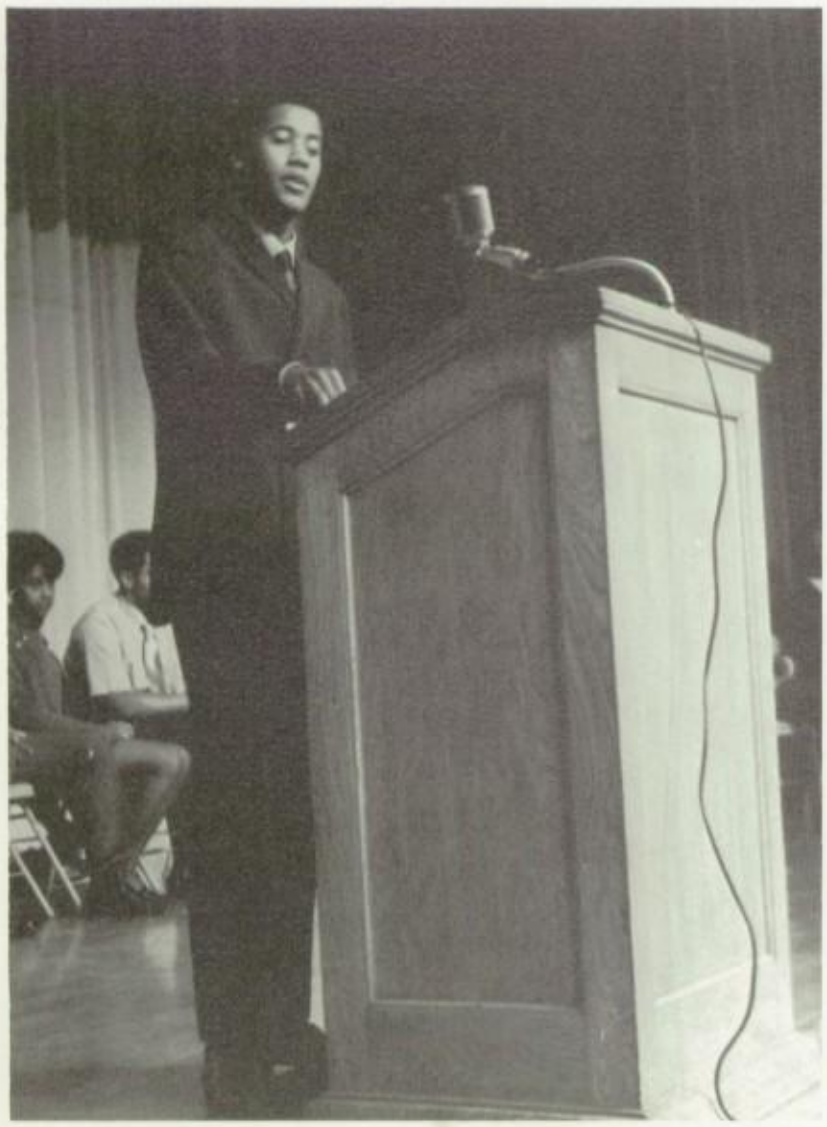
In these times when a new Attucks is still an uncertainty, the Student Council has been instrumental in expressing the views not only of the student body and administration, but the black community as well.

At election time in September 1970, we needed a strong and capable leader who understood the problems and situation of our school; the majority knew the best possible answer was to re-elect Gerald Trotter. This also made him the first student in the history of CAHS to hold two terms as President.

This year the council set out to improve student relations by doing new things which included: a banquet to promote more club interests; a Rap Room where students can openly discuss problems; and plans to make a documentary film about the school, entitled, "Crispus Attucks High—Past, Present, and Future."

Taking the oath of office for the second time, is President Gerald Trotter.

New Officers are: Stephen Grundy, Vice president, Marie Blair, Secretary, and Kevin Jones, Treasurer.



Doing research in the library has helped Janice Crenshaw, Deborah Sublett, and John Owens maintain the scholarship needed for NHS.

NATIONAL/ HONOR/ SOCIETY/

He who learns, earns.

Brains are the key to belonging to this club. To be a member, a student must have a 6.0 average, be recommended by three teachers and the principal, and have contributed something to the school by way of leadership, service, etc.

Sophomore members don't have full rights in the National Honor Society until they have become juniors. Juniors and seniors are active members.

Mrs. Mary Elizabeth Hummons is the sponsor.

National Honor Society member, front row, left to right, are Ruthanne Edelen, Elaine Parran, Nina Rascoe, Rhonda McKnight, Barbara El, and Marsha Drane; back, Zella Larry, Deborah Sublett, John Owens, Anthony DeMar, Wanda Whitlock, Gloria Eley, Janice Crenshaw and Mrs. Hummons.

The English Club was reactivated this year and it is bigger and better than ever. In its continuing effort for cultural awareness, the club goes on field trips to places like the new museum of art, and invites speakers to explore ideas with the members.

The club also sponsors such activities as the annual flea market, the Book Fair, and the ESP contest.

Officers are Kelvin Smith, president, Raymond Rouse, vicetary, Bobbie Smith, assistant secretary, John Owens, treasurer, Ruthanne Edelen, historian, Linda Ross, parliamentarian, and Georgia Harris, sergeant-at-arms.

"TIGER" STAFF/

Pictures, Copy, Work and Sweat

When we first began this book the ultimate desire of the yearbook staff was to capture in word and picture the activities of Attucks High in this, our historic year 1970 to 1971.

The work was difficult, the hours were unaccountable, yet the staff recognized its responsibility and refused to shun it.

Now that the book is completed, our feelings have evolved from mere desire to satisfaction, and we express to all concerned our advisor, teachers and administrators—our deepest gratitude for thier instructions and help.

One of the highlights of the year's activities is the Roman Banquet complete with Roman food, dress and customs.

JCL members also attend the state and national conventions and contribute to the Indiana Junior Classical League Scholarship fund for Latin students.

Industrial Cooperative Training (ICT) is a program for the high school junior and senior who has selected an occupational objective and who has qualified for enrollment.

This is on-the-job training whereby the student can learn and work right at school. By this training, theory and practice merge, and the youth learns to fit into the adult world. The special courses are similar to mechanical drawing, masonry, carpentry, and such.

Officers include John Farmer, president, Dennis Clay, vice-president, Patricia Powell, secretary, Willie Gladney, parliamentarian. Herbert Thompson is sponsor.

THE MARCHING BAND / Seventy-six trombones in a big parade.

Furl of the drum, a flash of a baton, and the marching band is off down the street or across a football field. Led by Mr. Russell Brown, the group follows a quick tempo and draws cheers for their distinctive performance from all who hear them.

Many of the band members are first-rate musicians who have rated excellent and superior in local and state music contests, and, paced by Mr. Brown produce "beautiful music together."

Junior Aaron Hadley works on his interpretation of a landscape.

DESIGN CLUB / They have designing ways.

Design Club Members, left to right, seated, Terry Gardner, Pamela Pope, Bobbie Smith, Tuwana Poindexter, Joy Stovall, Roberta Thorpe. Second row, Greta Blair, Edith Evans, Dawn Covington, Marie Wilkins, Florence Martin, Blenda Whitley. Back, Mr. William Taylor, Willis Williams, DeMorris Smith, John Skelton, Steven Sloan, Michael Scott.

One of the newest organizations at CAHS, the Design Club has definitely made a place for itself in aiding the school and groups within it.

You can say the Design Club's work, like woman's, is never done, because they are constantly working on one project after another. During the year the members can be seen doing anything from wrapping goal posts and painting 20 foot posters to decorating the building at holiday times.

The club sponsors an annual dance in May to raise money for some art student who has done particularly well.

To be eligible for membership in this club, a student must be enrolled in an art class. There are, however, five positions open to students who are not in art classes.

Officers are Roberta Thorpe, president, Michael Clark, vice-president, Shirley Freeman, assistant secretary, Greta Blair, treasurer, and Steve Sloan, sergeant-at-arms.

HOME EC CLUB/ They're all sew-sew!

Freshmen club members with Mrs. Hatfield are Lydia Hudpeth, Annette Myers, and Rhonda Jones.

The Home Economics Club is one that is always doing its own thing. Made up of girls who are interested in the Home Ec field, they participate in activities, such as parties, outings each month, the home show, planning a trip at the end of the year, making pillows and rag dolls.

Sponsor of the group is Mrs. Loris Hatfield. Officers are Linda Ross, president, Deborah Wharton, vice-president, Gloria Eley, secretary, Pamela Burris, assistant secretary, Annette Myers, treasurer, and Barbara El, reporter.

Home Ec clubbers, front, left to right, are Deborah Wharton, Roberta Skates, Martha Wilson, Gloria Eley, who was Attucks Homemaker of the Year, and Joy Stovall; back, Debra Cooksey, Linda Ross, Barbar El, Donna Taylor, and Pamela Burris.

VICA members, front, are LaEtta Johnson, Anita Walker, Denise Hamilton, Hela Jenkins, Annette Kendrick, Lucille Wilson, Wanda Taylor and Mrs. Margaret Smith, sponsor; back, Anna Berry, Brenda Anthony, Linda Burt, Nina Jenkins, Angela Griffith, and Mary Overton.

VICA / Trade and industry

The Crispus Attucks Beauty Culture class is a member of the Vocational Industrial Clubs of America, both local and national. This club is an organization for youth, enrolled full time in trade and industrial education classes.

The goal of our CAHS VICA members is to help students with interests in the trade, industrial, or technical fields become happy, mature, and productive citizens.

These students have been participating in state contests since 1967. Many who win first place in are chosen to compete in the national contests in different parts of the United States.

The officers include Linda Burt, president, Evelyn Stevenson, vice-president, Anita Walker secretary, Brenda Anthony, parliamentarian, and Annette Kendricks reporter.

BUSINESS CLUBS/

For students on the go and on the know.

C.O.E. Club, left to right, bottom row, Jeannette Estes, Renee Jones, Nina Rascoe, Lodeana Brown, Norma Strader, and Marsha Drane. Back row, Janice Wilson, Karen Gurnell, Mary Garnett, Pamela Murray, Louise Roberson, and Mrs. Betty Beene.

D.E. club members, left to right, first row, are Leda Johnson, Shelley Dotson, Linda Saunders, Avalon Williams, Georgia Harris, and Dorothy Lofton. Back row, Mr. Cramon Myers, Jonathan Berry and Charles Rice.

F.B.L.A. members, left to right, first row, are Benita Leavelle, Phyllis Smith, Janice Crenshaw, Gloria Futch, Glenda Burse, and Zella Larry. Back row, left to right, Jonathan Berry, Ronald Stone, Rose Ann Parson, Gloria Eley, Deline Warner, Blenda Whitley, and Elaine Parran.

Cooperative Office Education and Distributive Education are two programs that offer on-the-job training and classroom study, designed for students with a career objective in office work or merchandising.

These vocational education programs provide learning skills necessary for entry into fields associated with either office work or merchandising.

Both are organized for the student who wants some experience before continuing training in the field.

The C.O.E. officers are Karen Gurnell, president, Deborah Brownlow, vice-president, Montinia Bridgewater, secretary, Nina Rascoe, assistant secretary, and Lodeana Brown, treasurer. Mrs. Betty Beene is the sponsor.

Linda Saunders is president of the D.E. club, and Mr. Cramon Myers is sponsor.

Future Business Leaders of America is the club for students who have an interest in business. Meeting once a month, the club relates different ideas pertaining to business.

Benita Leavelle is president of this group and Mr. George DeCoursey is sponsor.

DRILL/ TEAM/

There's something about a uniform that's fine, fine, fine.

The ROTC Drill Team masters a series of intricate marching maneuvers to intrigue viewers who watch them perform at parades, games, and interscholastic competition. Well-known for their precision, drill team members have copped many honors at these competitions.

Sgt. Willie Oliver is faculty sponsor for the ROTC units on the Twelfth Street Campus, while Sgt. Emerson Bell is in charge of a rapidly developing ROTC program for the freshmen.

C/LSG Clifford Ford is Drill Team Commander, and C/LT Wendy Coleman is sponsor.

Sgt. Emerson Bell

At ease! Drill Team members may seem relaxed here, but they can snap to attention at a word. Left to right, front, are Clifford Ford, Charles Jordan, Charles Bridgewater, and Richard Marks; back, Dennis Young, Michael Coleman, Edward Bolden, and Vincent Rice, with Sgt. Oliver.

CHESS CLUB / Sorry! My bishop takes your knight!

Checkmate! That is this club's main objective as students get down to serious thinking in a relaxed atmosphere.

Not even a year old, the chess club has attracted many students, not only at the West Street Campus, but at the Cold Springs Campus as well.

Since many of the members are just learning the game. The club does not compete with other chess clubs, but they do have intramural matches. Some members are very good and have advanced to three dimensional chess, which is considerably more difficult, according to club members.

Mrs. Elizabeth Wilson is sponsor at the West Street Campus and Mr. Michael Schnelker is the sponsor at our Cold Springs Campus.

In the picture at left are club members, seated, Gloria Eley, Roberta Skates, Martha Wilson, Wilma Sallee, and Mrs. Elizabeth Wilson; standing, Larry Whitfield, Michael Gaddie, John Skelton, DeMorris Smith, Michael Drane.

Pictured below with Mr. Schnelker are Harry Morrison, Joyce Bottoms, Charles Lacey, and Dwayne Holland.

Science Club members, first row, left to right, Wynn Samuels, Eric Cornwell, John Skelton; second row, Sheila Ezzell, Andrea Taylor, Debra Cooksey, Joy Stovall, Martha Wilson, Rita Marion, Deline Warner; back, Donna Taylor, Willie Lyles, Marcus Eley, Michael Drane, and Thomas Conn.

SCIENCE CLUB/ Symbols, equations, and formulas

Discussions, lectures, experiments and reports occupy members of the Science Club at their frequent meetings. Many prepared to enter competition in the regional Science Fair.

These students are particularly interested in and adept at science in its many areas from biology to physics. Mr. Brownell Payne, sponsor, believes many of these students will choose some branch of science as a career.

President of the group is John Skelton; vice-president is Eric Cornwell, and secretary-treasurer is Deline Warner.

RED CROSS CLUB / They add joy to others, lives.

Seated, left to right, are Zephyr Reed, Patricia Goodrich, Mrs. June Moss, sponsor, Denise Etter, and Denise Johnson.

Students who join the Red Cross Club devote their time and efforts mainly to other organizations outside the school.

Throughout the year members participate in many activities including making party boxes for homes for the aged and guardian homes, stuffing stockings for orphans, and making friendship boxes to send overseas.

The members also participate in the disaster workshop, the monthly Red Cross Youth Board meeting and the Eye Glass Fund which is a special money raising cause to buy glasses for CAHS students who need them but can't afford them.

Officers are Faith Dodge, president, Denise Etter, vice-president, Patricia Goodrich, secretary, and Steve Sloan, treasurer.

SERVICE CLUBS/

Girl's League
Key Club
Ideals Club

It's true that most of the traditional service clubs are male dominated, but the members of the Girl's League proved "the girls could do it too," way before there was a Women's Lib.

Associated with the Letterman's Club, Girl's League members serve as hostesses for many school activities. They work at the concession stand during games and sell candy in the cafeteria.

The Girl's League sponsors skating parties and annual trips abroad during the spring vacation.

The officers are: Carolyn Richardson, President, Emerita Taylor, Vice-President, and Deline Warner, secretary. Mrs. Mary Oglesby is the sponsor.

First row, left to right: Lodeana Brown, Carolyn Richardson, Debra King, Norma Strader, Karen Gurnell, Second row, Rene Webster, Dana Richardson, Deline Warner, Marie Wilkins, and Emarita Taylor.

The Key Club is for young men who serve not only CAHS, but outside functions as well. During the year they sponsor dances, car washes, collect toys for hospitalized children, and money for multiple sclerosis.

In the spring the officers of the club attended the district convention in Indianapolis at the Hilton Hotel. At this convention they became acquainted with members of other Key Clubs, while leisurely enjoying the recreational facilities and the talent show in which President Steven Busby participated.

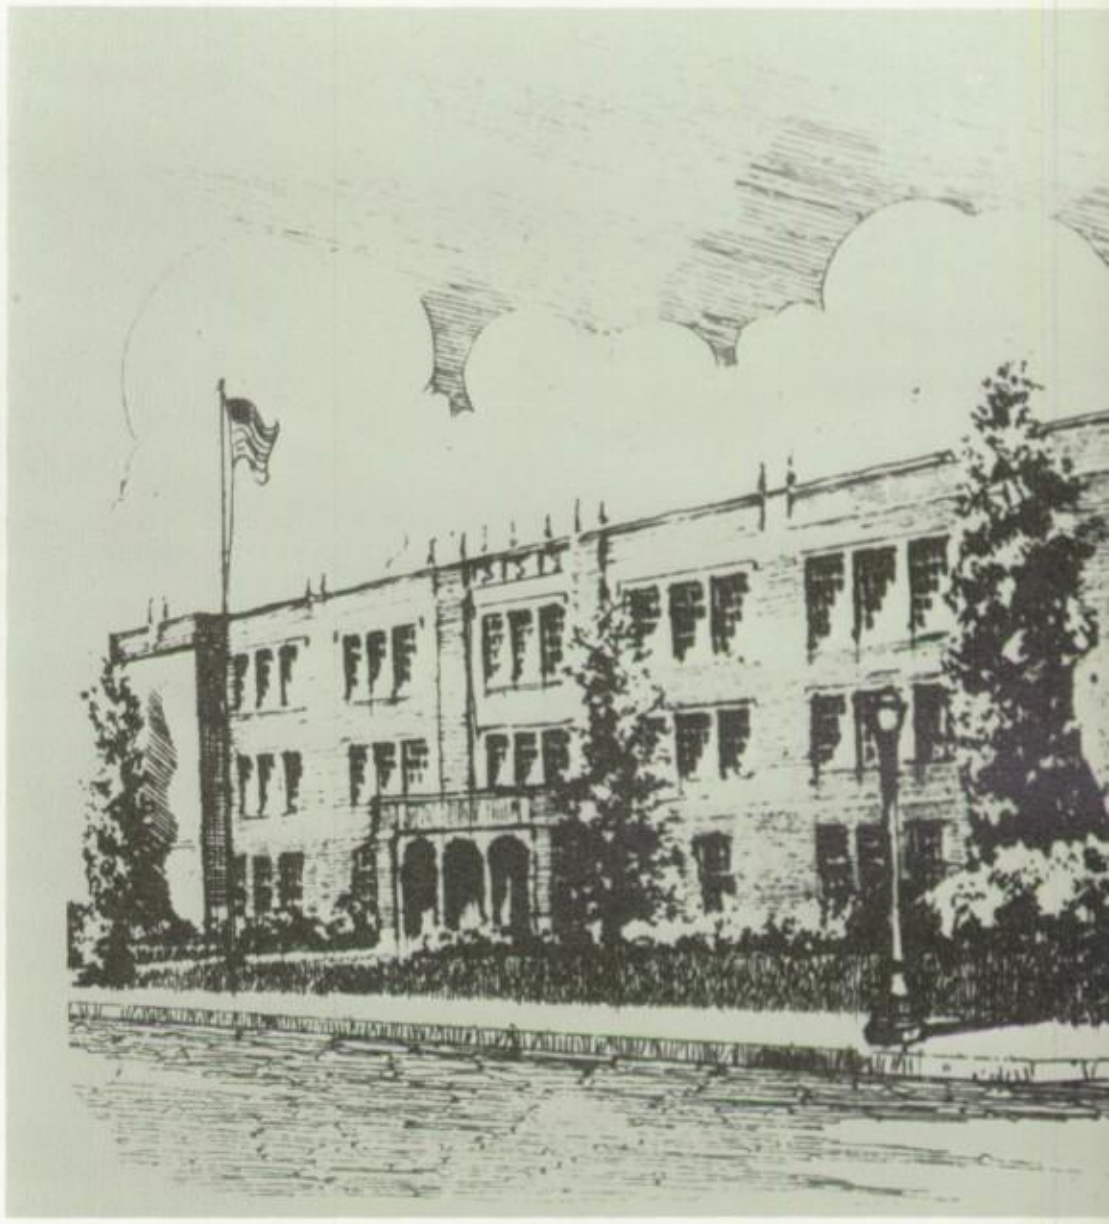
First row, left to right: Micheal Davis, Thomas Conn, Micheal Drane, Phillip Benedict secretary, Steven Busby, Paul Dye Vice-President, Sylvester Britton, Second row, James Jewel, Stephen Luten, Lewis Hughes, Demorris Smith, John Skelton, Micheal Swan, and Johnathan Franklin.

The ideal of the Ideals Club is to provide financial assistance so that the freshmen can have the opportunity for field trips. In this way they provide an essential service to the Cold Springs Campus.

To earn money this year, club members held a Valentine telegram sale, basketball games between women teachers and girls, and men teachers and boys, and other projects.

Top row, left to right: Beverly Campbell, Patty Cook, Casey McDaniel, Denise Boatright, Kathy Fox, Rhonda Jones, Donna Jurey, Yvonne Offut, Michelle Miring, Jackie Pittman, Bottom row, Annette Myers, Jackie Randall, Vanessa Moore, Jana Minton, Annie Keets, Dorothy Cvetkovich, Donna Meister, Milica Rajic, Darlene Davis, Kathy Connor, Patty Selzer, and Mrs. Anna Williams.

THE WEST SIDE STORY

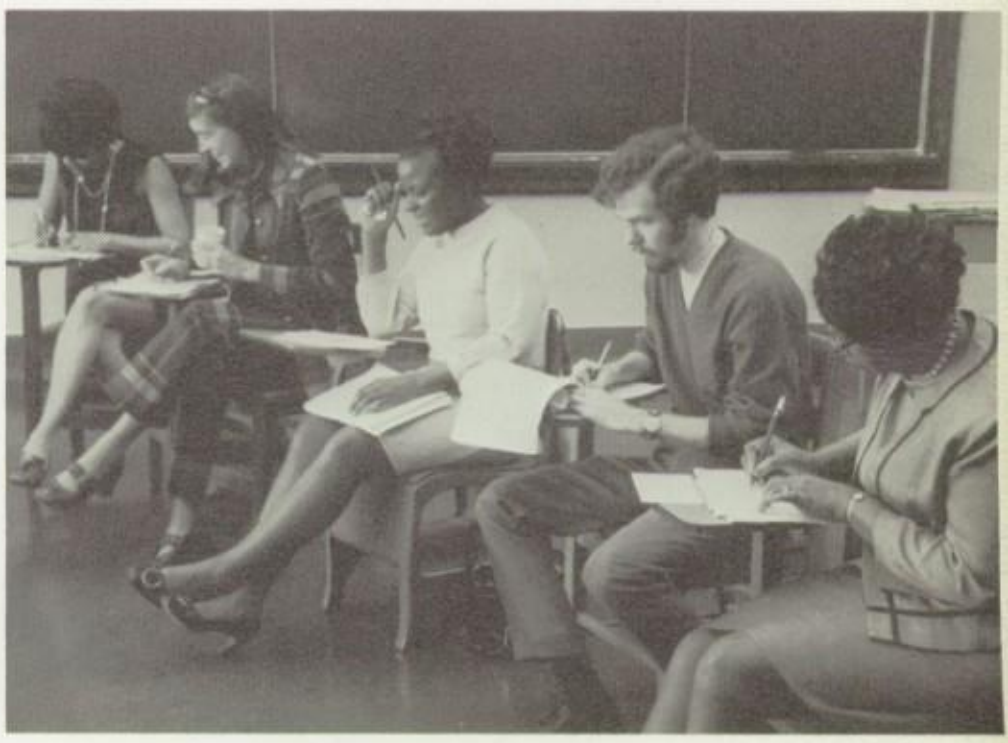


CRISPUS ATTUCKS HIGH SCHOO

"Where oh where will our new Attucks be, oh where, oh where will it be," asked Steve Luten along with about 1,700 other doubtful students, teachers, administrators and a host of other Attucks sympathizers at the beginning of the Tiger school year. For we all had questions which have not yet been completely answered.

Must we be towed away too?

o be or not to be?"



We remain doubtful.

Would there ever be a high school without athletics? The answer here at Attucks High is "NO!" Athletics deal with the expression of a school through competitive sports and strengthening school spirit and good behavior. A school without athletics is like a day without sunshine.

First Row, left to right: DeMorris Smith, Joe Spells, Nathan Clemmons, Herman Smith, Mark Malone, Floyd Moore, Rocky Lewis. Second Row, left to right: Steve Luten, Derek Foree, Steve Grundy, Ernest Locke, Gregory Bensen, Eugene Potter, Micheal Vaughn, Mr. Graham Martin.

In what may have been the final season of the Graham Martin era at Attucks, the Tigers posted a 1½—9 gridiron record. Martin who, at the beginning of the year said, "I don't think I'll do it much longer; I'm about at the end of my rope," directed the team to victories in the Jamboree and the Homecoming, against Wood High.

Other careers ending because of graduation will be those of Herb Clay and Hallie Buckner (both Quarter Backs), all-state John Lewis, Gene Potter, Warner Costley, Greg Benson, Marvin Dotson, Bob Collins, Joe Spells, and Steven Luten.

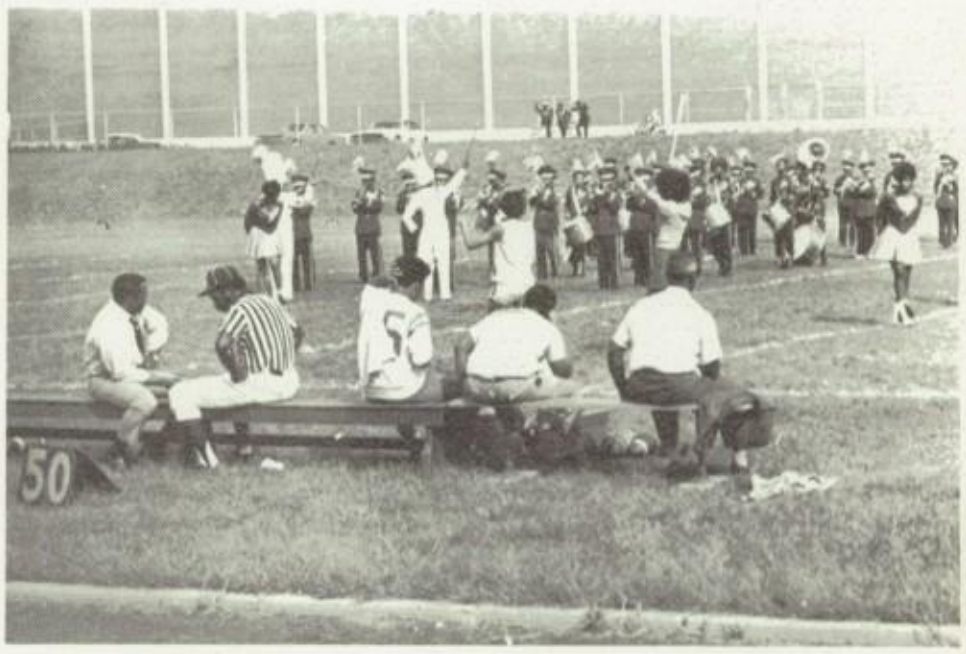
Freshmen Football: first row, left to right, Michael Henry, Michael Hill, Rick Hartley, Michael Bunicle, Rick Cruse. Back row, Charles Nice, Ricky Bryant, Gary Smith, Michael May, Kenneth Agnew, Mannie Scott.

This year Attucks proudly presented its first integrated football team. After years of segregation, black and white came together, and the result was a good season for the freshmen squad.

The team, efficiently coached by Mr. Bennie Parker, ended with a record of 1-3.



Front row, left to right, Benjamin Heffner, Phillip Chaple, Mark Derebeef, David Jurey, Stephen Wilson. Back, Frank Andrews, Guy Perkins, Gregory Barnes, Marko Meadows, Terry Rainnie, Coach Bennie Parker.

QUEEN AND COURT

Miss Shelly Louise Dotson, queen of the 1970 Football Homecoming is pictured here with her escort, Otis Barnett, just moments after her victory. Wearing a smile familiar to us all, the popular senior reigned over the homecoming festivities of the day, topping it off with the annual Homecoming dance.

Shelly is assistant secretary of the senior class and Captain of the Majorettes.

She plans to attend Tennessee State and major in psychology. Upon graduation she plans to enter the field of social work.

Unlike last year, this year our team shared in the victory too. The Mighty Tigers enjoyed a victory over Wood High School.

Champions in Action

"Wow! Just can't handle that Anthony," say oncoming Ripple players.

Just like those Tigers of CAHS—always out for a good hustle or two, as Arthur blocks one.

The varsity team: kneeling, left to right, manager Joe Spells, Rodney Brewer, Eugene Potter, Nathan Clemmons, Neil Norfleet, Gerald Trotter, Morty Mann; standing, Coach Don Thomas, John Willis, John Tandy, Derek Foree, Richard McGuire, Ronald West, Clarence Hatcher, Anthony Beverly.

In his fourth year as the head of the CAHS varsity basketball squad, Don Thomas has put together another winning season.

With only three veterans returning — seniors Clarence Hatcher, Gerald Trotter and Eugene Potter—the Tigers were not considered a threat, but despite little height and experience, the Flying Tigers proved otherwise.

Sweeping the scoreboard their first five games, the Tigers fell to Gary Roosevelt by one point, 59-58. Traveling on to the Holiday Tournament, the team battled to the final round when they met defeat at the hands of host Lafayette Jeff, 75-65. In the city, the Tigers made it to the semi-finals until just barely halted by Cathedral, 61-59. The Tigers ended their season of 12-8 by winning the last two, including the Homecoming over Northwest, 67-56.

The Tigers received help from seniors Neil Norfleet, John Willis, Ronald West and Rodney Brewer. Underclassmen Derek Foree, Richard McGuire, John Tandy and Anthony Beverly will return to lead the team next season.

Foree, 45, goes high for two over Lew Burns of Northwest.

Coach Bill Scott guided CAHS to another Reserve City Title. Led by sophomores Derek Foree, Anthony Beverly, and Ben Brownlow, they posted a perfect 19-0 record.

FRESHMAN/ CHEERLEADERS/

Lettermen, seated, left to right, are Steve Grundy, Hallie Buckner, Shelley Dotson, Nathan Clemmons, and Greg Benson. Standing are Charles Rice, Steve Luten, Rickie Bellamy, and Warner Costley.

LETTERMEN'S CLUB / Big Men on Campus

That big Attucks "A" really looks good when it's worn on the chests of our top ranking athletes. These proud young men are the Lettermen, and they belong to one of the most respected organizations at CAHS.

Since its beginning in 1959, the club has been a great service to many school functions and is continuing in its tradition.

CHEERLEADERS / Set the pace for team spirit.

One...Two...Three, Four Five. Attucks Tiger don't take no jive, say Wanda, Marva, Linda and Denise.

Yell leading is easy for our cheerleaders, boosters, and other spectators support our teams from start to finish.

On the floor the girls display originality in each cheer and jump that is representative of Attucks alone.

Adding variation to the squad is our new Tiger Cheerleader complete with tail and whiskers. The girls take turns at being the Tiger.

THE WRESTLERS / Grunts and groans!

Wrestling team members, left to right, first row, John Owens, Ricky Bellamy, Michael Mitchell, Clarence Jackson, Terry Jackson; back, Coach William Worrell, Willie Lyles, Juan Gant, Greg Benson, and Ernest Locke.

Despite perspiration and the tensing of muscles, the Attucks matmen had a poor season. Seniors Ricky Bellamy and John Owens led the team, but despite their obvious progress as individuals, the team did not make it out of the sectionals.

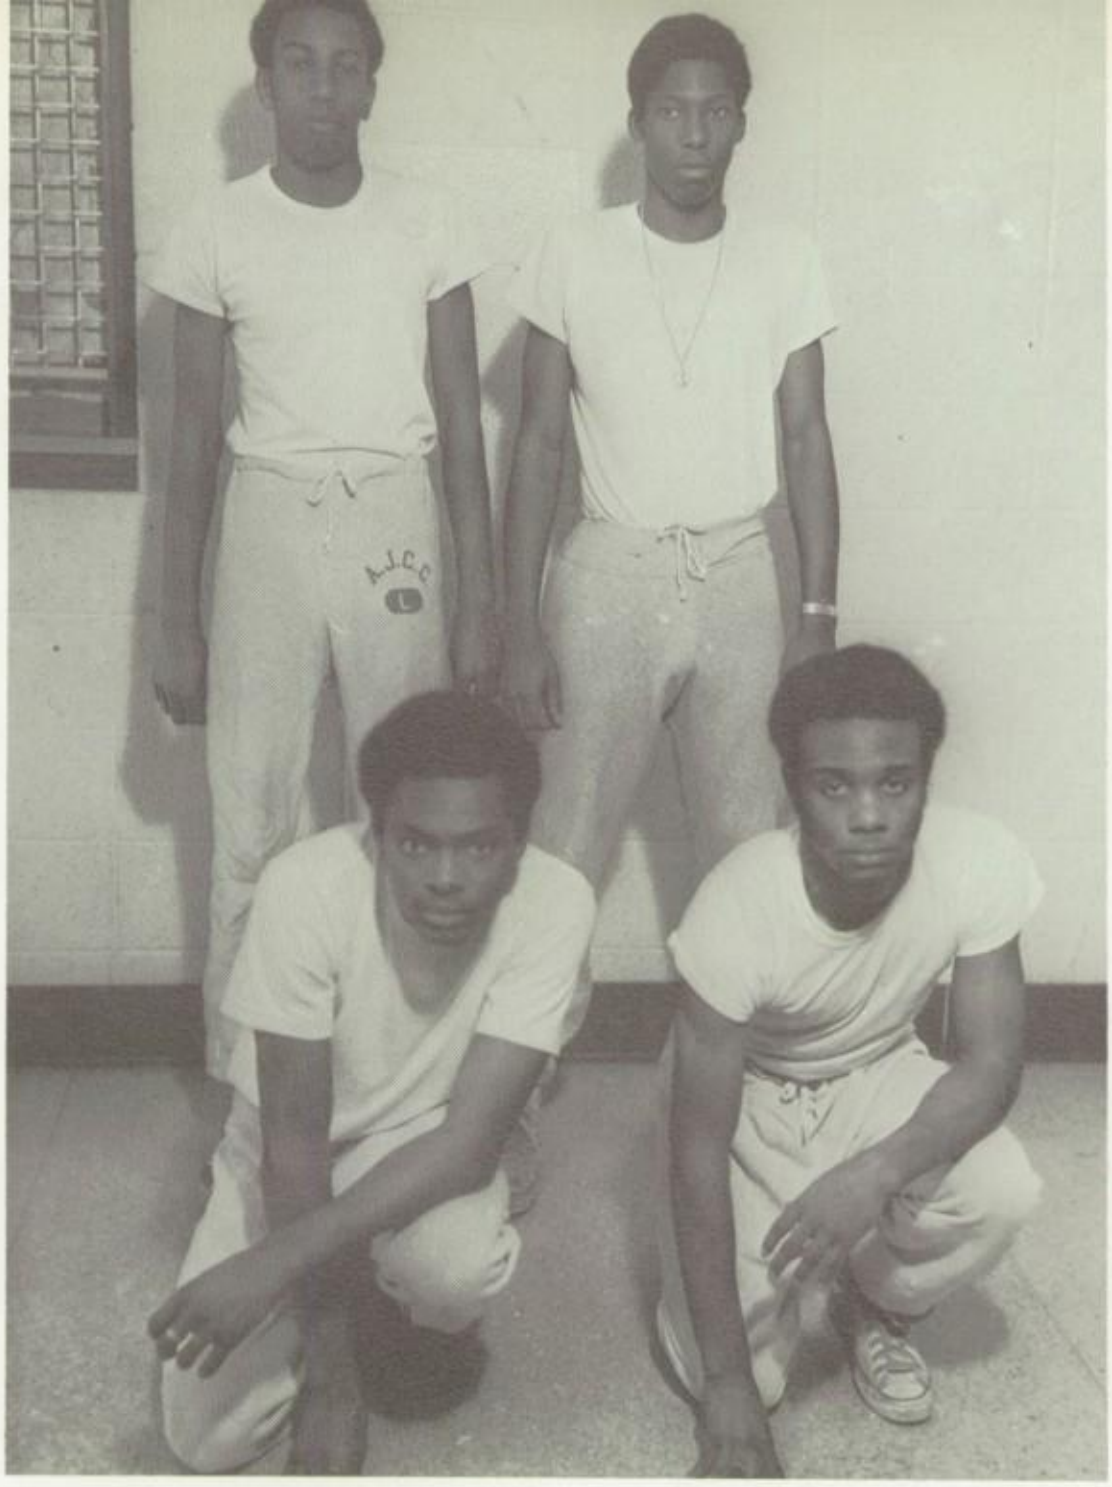
Cross Countrymen frown while reminiscing about their record. Only Coach Jon Theobald manages to "grin and bear it." Kneeling are Duane Dotson and Stephen Rogers. Standing are Anthony DeMar, Earl Fields, Ronald West, and Mr. Theobald.

THE RUNNERS/

Run, Man, Run.

Speed is the name of the game for our track stars. As a result we are likely to see them sprinting around (inside and out) practicing for this spring sport.

Many wear weights in order to strengthen their muscles, or exercise and lift weights, all under the eye of Coach George Brown.



Cindermen here are Kevin Jones and Earl Sears, kneeling, and Charles Rice and Michael Davis, standing.

Coach George Brown hoped this year's record would equal or better last year's when the Tigers ranked second in the state.

Track stars here, front, are Robert McClaren, Ricky Smith, Oliver Brookins, Johnny Liggens; back row, Richard Cooper, Sherman Henry, Willie Lyles and Mark Shephard.

TENNIS / "Love" is their "racquet."

Racquets at the ready! Spring sports like tennis do not lure too many young men, but those who participate are enthusiastic. Mr. Albert Umphrey has special hopes for the new students in the freshmen class who show interest and aptitude for the game.

The team felt a special loss this year when team member Curtis Bell left, and subsequently lost a leg in an accident.

Members of the tennis team prepare for spring matches. New to the team is freshman Ronnie Vincz. Oldsters, standing, are Gerald Trotter, Mr. Umphrey, Paul Dye, and Jimmy Adams.

GOLF / Fore!

Perhaps golf is becoming more and more popular as Spiro Agnew wields his club and smashes a ball into an innocent bystander, although golf had not been considered a violent sport. Other golf-minded sportsmen tee off across the moon.

Our players don't go quite so far for their matches, nor has much violence been heard of on the local links. But Coach George Roddy continues to urge his men that it's "Time for tee."

Golf Team members look grim as they contemplate the season. Left to right are Eric Cornwell, Tom Conn, Jerry Perkins, and Deon Lang.

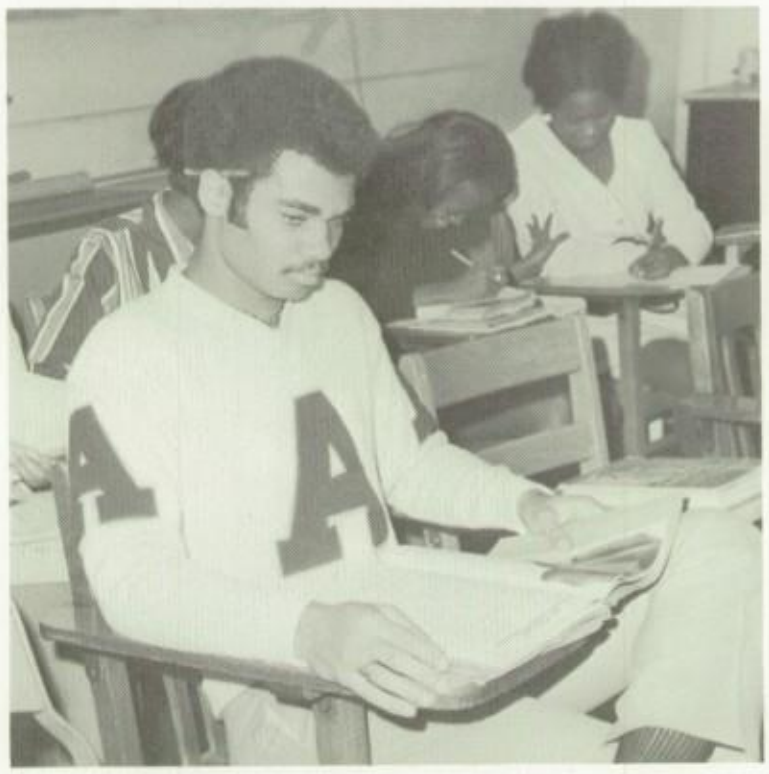
INTRAMURAL SPORTS/ A sport for everyone.

Because intramural sports are so diversified, they attract many students—and teachers, too. Many are sponsored by the Upswing Program, directed here by Mr. Albert Umphrey.

Which do you prefer? Bowling, swimming, skating, volleyball, judo, modern dance, tennis, ping-pong, badminton. There's something for everyone.

Who's ahead here—teachers or students?

Roberta Skates and Martha Wilson are in the swim. Obviously Martha is shielding her face from an anticipated wicked foot splash of water from Roberta.



After having attended CAHS for four years, one begins to think of it as his second home, and when that gloriously tragic day comes for departure, he will want to remember those friends and faculty members whom he knew so well. Therefore, this album section is included in the yearbook out of tradition, that those who leave may be able to take along with them the familiar faces in the halls of Attucks High.

VALEDICTORIAN/

Leads class in academic standing

Ruthanne Edelen, the valedictorian of the 1971 Crispus Attucks High School graduating class, is congratulated by the 1970-71 yearbook staff and many others for her four years of hard labor.

Ruthanne, 17, is graduating with the highest scholastic record from a class of 323. She majored in English, history, math and foreign language.

Upon graduating, Ruthanne has her mind fixed on attending Marian College at which she hopes to major in secondary education to become a high school counselor.

SALUTATORIAN/

Second Place

Marsha Drane, the salutatorian of the 1971 Crispus Attucks High School graduating class, is also congratulated by the 1970-71 yearbook staff and many others for her four years of labor, which gained her the second highest rank in the class.

Marsha, 17, majored in English, history, and business education. Planning to attend Indiana University, she hopes to major in education.

SENIOR CLASS OFFICERS

SENIORS / Four years of hard work rewarded, as class of '71 ventures out into the challenging world.

It was just a short time ago when high school was their greatest challenge and collecting a diploma was their ultimate goal. So they went from wide eyed, uncertain, freshmen, filled with wonders and questions, to relatively confident young adults equipped with the ability to think and find answers.

Now they are seniors setting out on an exploration of life, in many ways like freshmen facing a new beginning, but with foresight and great expectations of the future.

Jerry
I hope we can
remain friends through
the years to come.
Keep up the good work in
school and maybe you'll
be as smart as me (some)

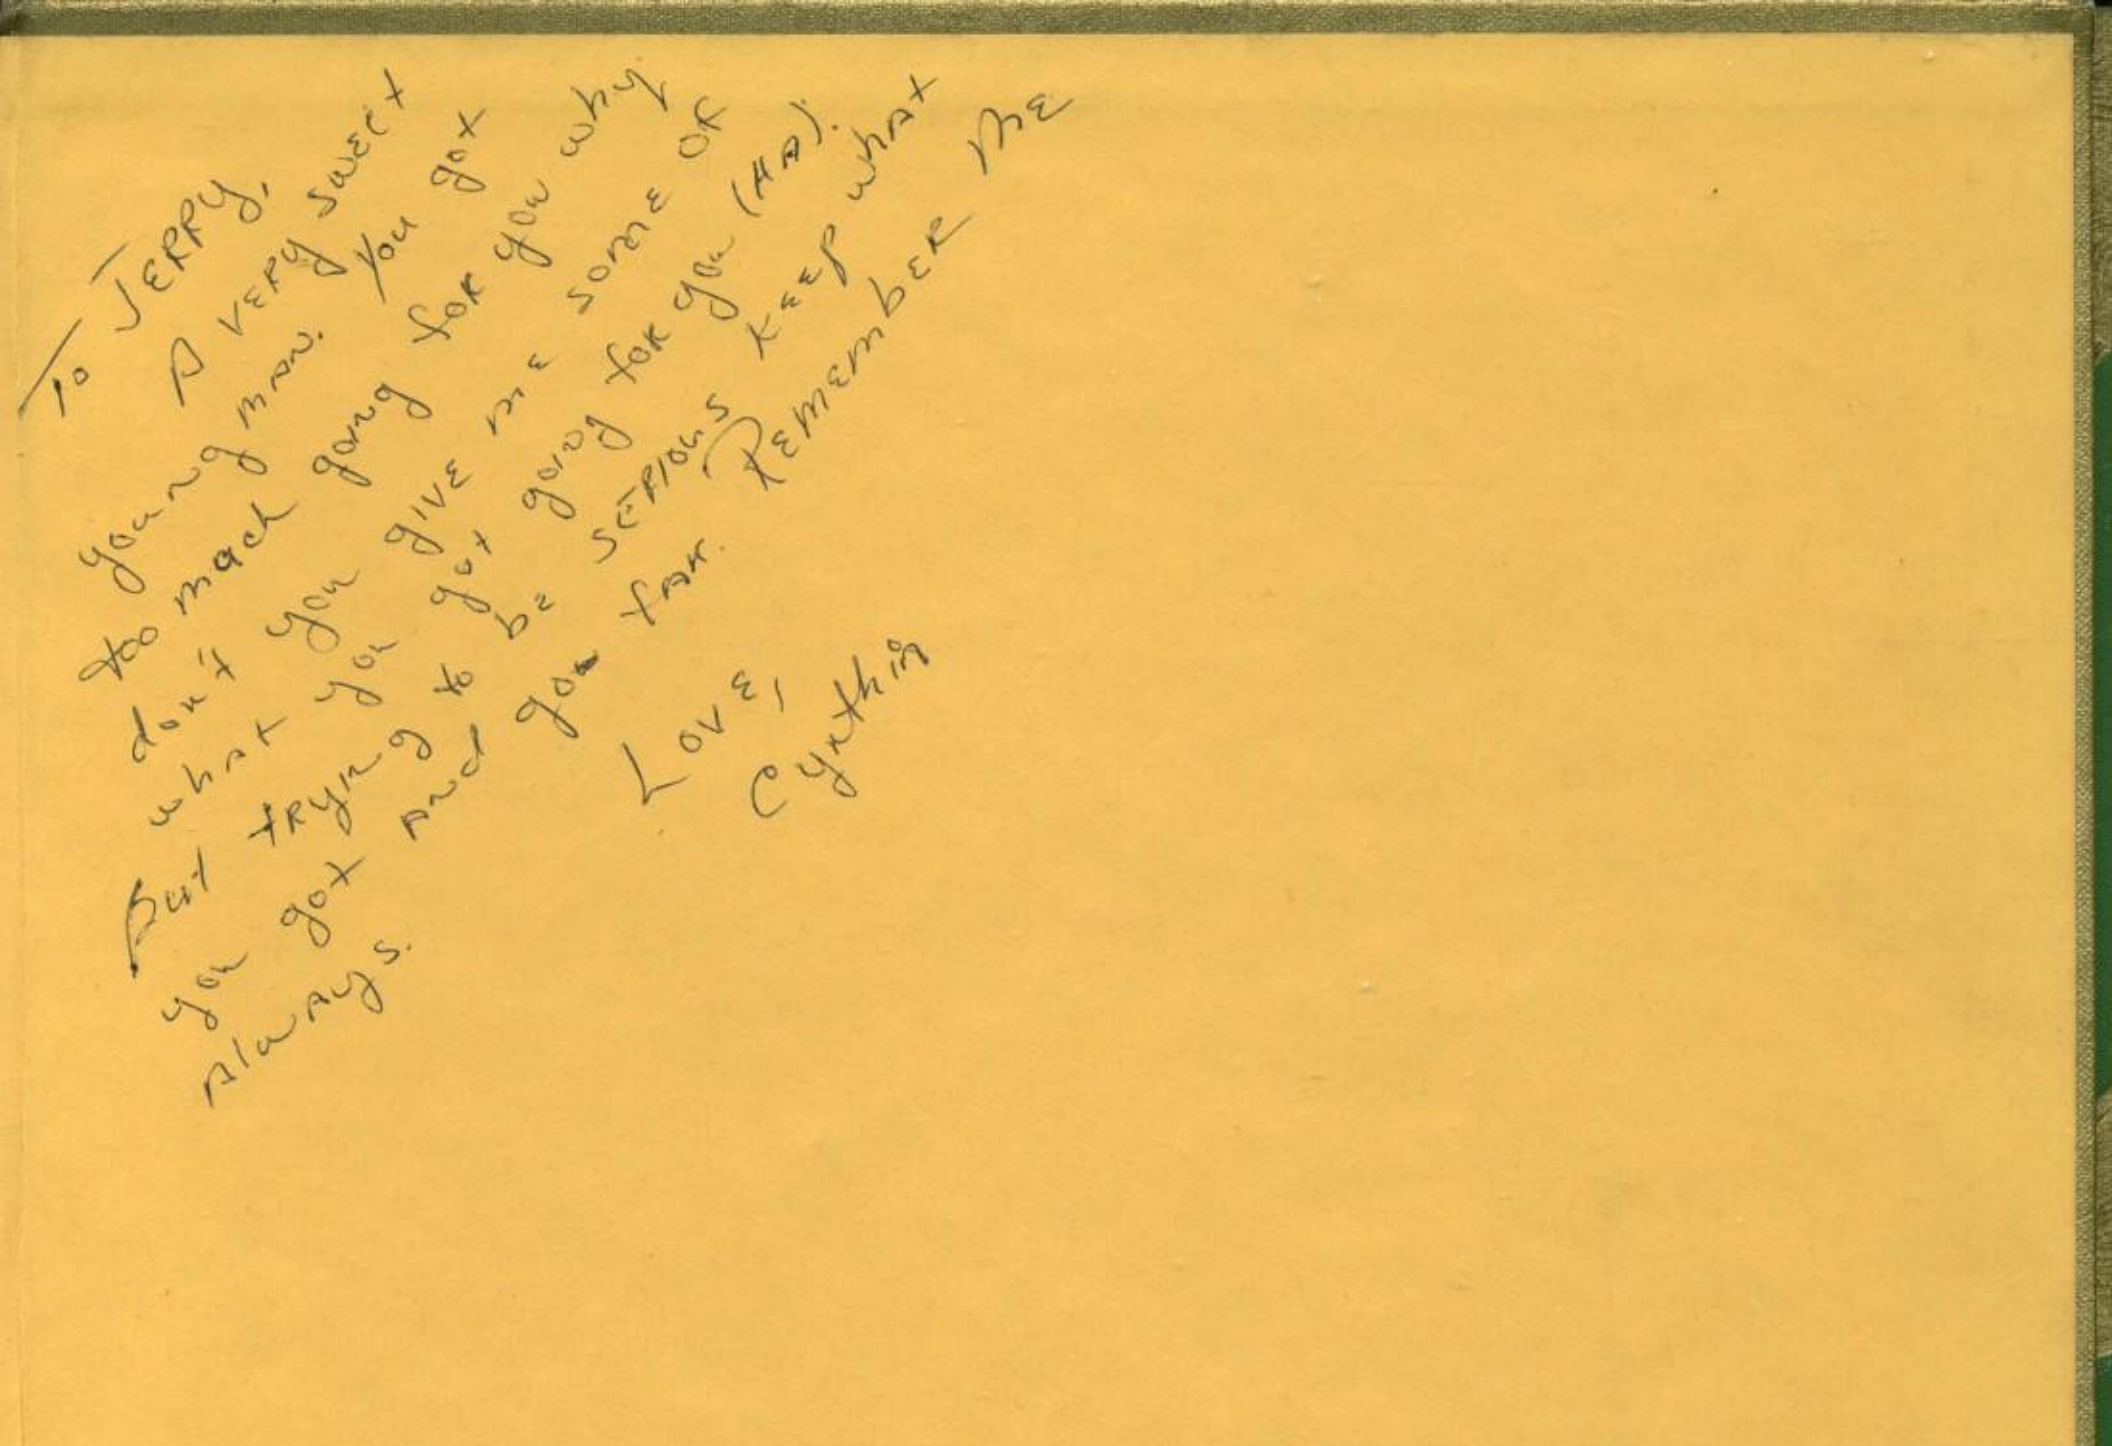
To Jerry,

A very sweet young man. You got too much going for you why don't you give me some of what you got going for you (HA). But trying to be serious keep what you got and go far. Remember me always.


Love,
Cynthia
